NORTHWESTERN UNIVERSITY HOSPITAL PARKING GARAGE

OWNER Northwestern University Hospital | LOCATION Chicago, IL | FACILITY TYPE Parking garage

PROJECT BACKGROUND

The Northwestern University Hospital parking garage was a four-story concrete structure located in downtown Chicago adjacent to Northwestern Hospital. Brandenburg completed the project in 30 days to finish ahead of an aggressive schedule. The garage was located in the midst of heavily traveled pedestrian walkways and adjacent to hospital buildings including an infectious control wing. The work was completed with a minimum of dust or noise, and without disrupting nearby daily activities.

SCOPE OF WORK

Completely removed concrete structure and foundations

Provided protection for adjacent pedestrian and vehicular traffic

Implemented strict dust control procedures

Completed project on schedule
