*Brandenburg Demolition, Inc. was established in 1968 as a privately held company chartered in the State of Illinois. It was determined that the word 'demolition' in the company name perceptively limited its full line of services. Thus, the decision was made in 1984 to change the name to **Brandenburg Industrial Service Company.***

# ABOUT BRANDENBURG

BRANDENBURG WAS ESTABLISHED OVER 55 YEARS AGO AS A SMALL COMPANY AND HAS EVOLVED INTO ONE OF THE NATION'S PREMIER DEMOLITION FIRMS. BRANDENBURG'S COMMITMENT TO HEALTH, SAFETY, QUALITY AND ENVIRONMENTAL MANAGEMENT HAS MADE US THE PREFERRED CONTRACTOR IN THE INDUSTRY.

Brandenburg, established in 1968, is one of the nation's premier firms specializing in demolition and environmental remediation, which includes asbestos abatement, hazardous material removal, soil remediation, asset recovery and site preparation. Brandenburg has seven regional offices located throughout the United States, a staff of full-time permanent employees and a fleet of equipment valued in excess of \$150,000,000. We have the knowledge, expertise and resources necessary to get any job done safely and efficiently.

Brandenburg provides comprehensive asset retirement services for total plant closure as well as selective demolition designed to enhance the efficiency and profitability of ongoing operations. Associated services include, but are not limited to, scrap management, environmental assessments, equipment salvage and rigging, electrical and mechanical utility construction and relocation.

In the commercial sector, Brandenburg provides demolition services for building owners and the real estate development industry. The company specializes in projects which present challenging operational constraints and has developed a proven track record of completing these projects on time and without incident.

Brandenburg's engineering and estimating staff provides diverse backgrounds and industry-specific knowledge to perform extensive project assessment and planning to develop contract terms and specifications, which address the unique requirement of each project.

Brandenburg is ISO 9001 and 14001 certificated. Both certifications are applied to all corporate operations.

Brandenburg is committed providing a safe work environment for our employees and our customers.

With over 55 years of experience, Brandenburg has successfully completed countless projects ranging from the demolition of single story structures to the total decommissioning of an entire industrial facility. Brandenburg completes over 200 projects on an annual basis.

Brandenburg has completed projects for a wide spectrum of customers varying from small businesses to elite Fortune 500 companies. These customers represent many industries including automotive, chemical, commercial, entertainment, industrial, institutional, mining, nuclear and fossil power generation, oil and gas, pharmaceutical and steel production. Brandenburg's proven track record, combines with an impressive safety program, has made the company the number one choice among the most demanding organizations.

## MISSION STATEMENT

Implement safe, environmentally responsible, cost effective methods, which deliver the best attainable combination of demolition, environmental remediation, and asbestos abatement services consistently and predictably.

## VISION STATEMENT

Continuously improve demolition, environmental remediation, and asbestos abatement methods to ensure that the best attainable solutions are delivered to our customers, our employees, the public, and the environment.

# SERVICES

BRANDENBURG PERFORMS A MULTITUDE OF SERVICES RELATED TO DEMOLITION, ENVIRONMENTAL REMEDIATION, INCLUDING ASBESTOS ABATEMENT, AND SITE PREPARATION. THE COMPANY'S WORKFORCE CONSISTS OF FULL-TIME EMPLOYEES WHO PROVIDE THE KNOWLEDGE AND EXPERTISE NECESSARY TO GET YOUR JOB DONE SAFELY AND EFFICIENTLY.

## DEMOLITION/DECOMMISSIONING

- Selective building interior/exterior demolition
- Structural demolition
- Site preparation
- Deconstruction
- Dismantlement
- Electrical and mechanical utility services
- Below grade demolition

## ENVIRONMENTAL REMEDIATION

- By-products recycling
- Drum identification and management
- Facility decontamination
- Hazardous waste management
- Lab packs
- Mass excavation
- Soil remediation
- Underground storage tank removal

## ASBESTOS ABATEMENT

- Removal
- Asbestos testing
- Removal and disposal services

## ASSET RECOVERY

- Equipment rigging
- Equipment sales
- Scrap management
- Disposition analysis

## FACILITY CLOSURE

- Consulting
- Site preparation
- Asset recovery valuation
- Decommissioning project analysis
- Specification development
- Environmental project compliance

## EMERGENCY RESPONSE

- Consultation
- Structural engineering
- Specialized equipment

# EXPERIENCE

WITH OVER 55 YEARS OF EXPERIENCE, BRANDENBURG HAS SUCCESSFULLY COMPLETED COUNTLESS PROJECTS RANGING FROM THE DEMOLITION OF SINGLE-STORY STRUCTURES TO THE TOTAL DECOMMISSIONING OF AN ENTIRE INDUSTRIAL FACILITY. BRANDENBURG PERFORMS SERVICES FOR SOME OF THE NATION'S LARGEST FORTUNE 500 COMPANIES.

## DEMOLITION/DECOMMISSIONING

Brandenburg provides commercial and industrial demolition, decommissioning and site preparation services for site developers and industrial facility owners. Major industries served include automotive, chemical, commercial, entertainment, industrial, institutional, mining, oil and gas, pharmaceutical, power generation and steel production.

Brandenburg's engineering personnel are experienced in all facets of commercial and industrial demolition. Brandenburg's engineers utilize civil 3D Computer-Aided Drafting (CAD) programs to create accurate terrain models for earthwork projects. Areas and volumes are calculated with some of the most advanced survey equipment on the market. In conjunction with the CAD software, the survey equipment such as Robotic Total Stations and Global Positioning Systems (GPS) are used to perform precise surveys and document important locations of the site. Background maps and Digital Terrain Models (DTM) are utilized to accurately navigate specific elements of the site and accurately determine the designed grades of the entire project.

## ENVIRONMENTAL REMEDIATION

Brandenburg's staff of environmental engineers offers varied backgrounds including waste management/permitting, chemical manufacturing, civil engineering, laboratory analysis, site remediation, and regulatory compliance. The company provides asbestos abatement, environmental remediation, and other self-performed services including facility decontamination, drum management, underground storage tank removal, waste minimization analysis, and emergency response. Brandenburg has performed numerous remediation projects for a wide spectrum of customers under state voluntary cleanup programs. In addition, Brandenburg has performed several projects for potentially responsible parties (PRP's) under EPA's Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), commonly known as Superfund.

## ASSET RECOVERY

Brandenburg processes ferrous and non-ferrous scrap. Brandenburg owns and operates portable metal analyzers to provide on-site scrap chemistry analysis. The company ships scrap via trucks, barges, and railcars directly to the country's major iron and steel producers. Brandenburg's central scrap management operations are ISO 9001 certified. Brandenburg utilizes an established network of used equipment dealers as well as an extensive industrial customer base to maximize salvage equipment sales. Brandenburg provides rigging and transportation services for the removal and delivery of salvaged equipment.

# EXPERIENCE

## FACILITY CLOSURE

Brandenburg provides demolition and decommissioning services for building and facility owners. The company's engineering staff draws upon its extensive practical field experience to develop comprehensive demolition and environmental specifications which are responsive to the client's objectives and applicable regulatory requirements.

The company's extremely low employee turnover rate has resulted in a wealth of operational expertise uncommon in the industry. The company has established a proven track record of meeting and exceeding commercial and operational goals on large scale projects.

## EMERGENCY RESPONSE

Brandenburg plays an essential role in emergency response situations and has assisted first-responders on many circumstances including structural collapses, fires, and disasters. Some of the emergency services that Brandenburg provides include consultation, specialized equipment, skilled labor, and expert structural engineering. Brandenburg actively participates in preparation, training, and awareness for emergency agencies by accommodating the use of the company's project sites for training exercises.

## INFORMATION SYSTEMS

Brandenburg maintains a staff of experienced professionals to manage and continually improve the company's information systems capabilities. Each division office is supported on its own server, which in turn is connected using wide area networks to the main server. This system supports our Oracle database, Microsoft Exchange Server, and Mitel. Brandenburg's main line database applications are developed in-house using Microsoft Visual Studio to support our engineering and managerial staff. Brandenburg's project engineers map and design existing and proposed projects using advanced tools such as AutoCAD Civil 3D and Finite Element analysis software.

# SAFETY

BRANDENBURG'S COMMITMENT TO SAFETY IS SUPPORTED FROM TOP MANAGEMENT DOWN THROUGH THE FIELD STAFF. ALL PERSONNEL ARE THOROUGHLY TRAINED AND PROVIDED WITH THE NECESSARY TOOLS AND PERSONAL PROTECTIVE EQUIPMENT TO PERFORM TASKS SAFELY. BRANDENBURG'S SAFETY PERFORMANCE IS OUTSTANDING AND CONTINUALLY EXCEEDS THE INDUSTRY AVERAGES.

Brandenburg is committed to providing a safe work environment for our employees and our customers. Brandenburg is the first demolition contractor to successfully complete OSHA's Challenge Program and to be certified as a Star Member in OSHA's prestigious Voluntary Protection Program (VPP). Star Member designation is the highest level of recognition. Brandenburg personnel actively participate in the National Demolition Association (NDA).

Brandenburg maintains a staff of safety professionals with backgrounds in civil engineering, industrial hygiene, mining, manufacturing, pharmaceutical, chemical, refinery and power generation. Our staff includes a Certified Industrial Hygienist (CIH), Certified Safety Professionals (CSP), Graduate Safety Practitioners (GSP), Certified Health & Safety Technicians (CHST), Safety Trained Supervisor (STS), Certified Instructional Trainers (CIT), American Heart Association (AHA) Instructors, Special Government Employees (SGE), OSHA Construction Outreach Trainers and former OSHA Compliance Officers.

Brandenburg promotes safe work practices through the use of behavior-based safety programs, intensive and continual worker training and strict enforcement of written safety programs. Brandenburg has developed, and maintains, a demolition-specific safety manual which is regularly assessed and updated, documenting our safety standards. Policies and procedures in this manual provide guidelines that employees use from the initial stages of each project through project completion.

Brandenburg shares the same safety culture as our customers. We encourage employees to become involved in day-to-day safety and have them take ownership in its success.

Brandenburg employees possess Stop Work Authority, which gives employees the right to stop any activity, without repercussions, if they have a safety concern. We have also implemented an employee Workplace Observation Card program

whereby employees report safe and unsafe behaviors observed throughout the day. In addition, Employee Safety Perception Surveys are used to provide important feedback from our workforce. Our safety program has been highly effective in supporting open channels of communication between our field workforce and all levels of management. Brandenburg's safety efforts have been recognized by many of our customers including BP, Dow Chemical, Gilbane and Turner Construction.

# FINANCIAL STRENGTH

BRANDENBURG HAS MAINTAINED CONSISTENT AND STRONG ANNUAL GROWTH BY FOCUSING ON CUSTOMER SERVICE TO DEVELOP AND DELIVER ENGINEERED SOLUTIONS. BRANDENBURG COMPLETES IN EXCESS OF 200 PROJECTS ANNUALLY AND HAS GENERATED AN AVERAGE OF \$200 MILLION IN ANNUAL REVENUES. THE COMPANY'S DUN & BRADSTREET RATING IS 5A2. BRANDENBURG HAS NEVER FILED FOR ANY TYPE OF FINANCIAL PROTECTION.

Brandenburg's goal to ensure continued growth is focused on our workforce. Training a new wave of skilled employees in the demolition field and keeping up with continued changes in regulatory requirements and safety procedures, allows us to remain one of the elite players in the demolition industry.

## BONDING

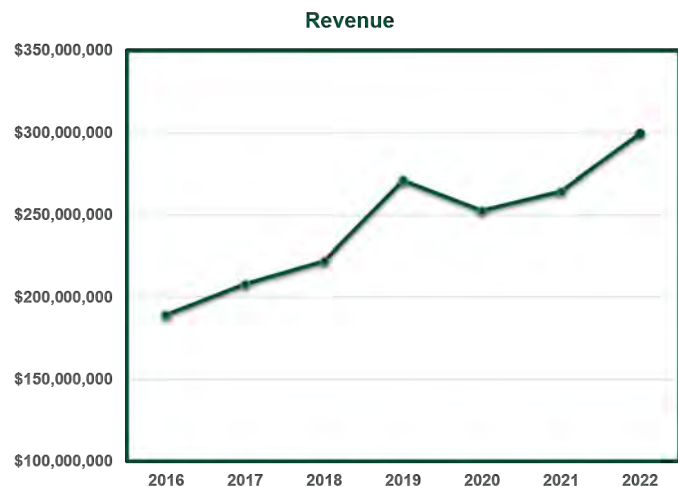

Brandenburg can provide performance bonding for any project through A+ XV rated bond underwriter, Continental Casualty Company. Brandenburg's aggregate bonding capacity is \$235,000,000.

## INSURANCE

Brandenburg carries substantial general liability insurance with a separate environmental liability policy written on an occurrence basis. All of the insurance companies underwriting Brandenburg's policies hold Best's ratings of A+ XV.

## OWNERSHIP

Brandenburg Industrial Service Company is a privately held company chartered in the State of Illinois.

# EQUIPMENT

ALL EQUIPMENT USED BY BRANDENBURG, INCLUDING A FLEET OF ROLL-OFF TRUCKS AND TRACTOR TRAILERS, ARE COMPANY-OWNED AND MAINTAINED. IN ADDITION TO COMMERCIALLY AVAILABLE EQUIPMENT, THE COMPANY DESIGNS AND FABRICATES EQUIPMENT AND CUSTOM ATTACHMENTS FOR SPECIALIZED APPLICATIONS.

Brandenburg's staff of equipment managers employ strict preventive maintenance schedules to ensure all equipment is in safe and reliable working order. Brandenburg's current fixed asset replacement value is in excess of \$150,000,000.

# QUALITY & ENVIRONMENT

BRANDENBURG IS A TOTAL QUALITY MANAGEMENT COMPANY WITH ISO 9001 CERTIFICATION FOR SCRAP OPERATIONS AND FABRICATION, AND ISO 14001 CERTIFICATION FOR OUR ENVIRONMENTAL MANAGEMENT.

Brandenburg is a total quality management company with ISO 9001 certification for scrap operations and fabrication. Brandenburg's quality assurance program is continually improved upon to consistently meet or exceed customer's requirements. Brandenburg's ISO 14001 certification for our environmental management system reflects our commitment to the prevention of adverse effects on the environment and to continual improvement of environmental performance.

Brandenburg has developed and implemented an ISO 9001 Quality Management System, which is applied to all corporate operations. Since 1999, Brandenburg has integrated ISO 9001 Quality Management System to enhance operating practices, improve performance and measure customer satisfaction in accordance with applicable industry and regulatory program requirements. Brandenburg is ISO 14001 certified. ISO 14001 is the principal management system standard, which specifies the requirements for the formulation and maintenance of an Environmental Management System.

Brandenburg's quality assurance commitment is designed to provide our customers with services of consistent quality and to continue our focus of meeting our business objective to be the best in our field. Customer feedback is essential to our commitment to Total Quality Management.

Brandenburg's high level of performance is ensured by continuous training of qualified personnel, employee dedication to improvement and involvement by upper management.

Brandenburg has been practicing environmental management for over 55 years. Brandenburg immediately recognized the environmental, social and economic value driven from the proper remediation, segregation, and recycling of all debris generated from demolition projects long before the recent trends.

# PARTIAL CLIENT LIST

BRANDENBURG'S CLIENTELE INCLUDE SOME OF THE LARGEST COMPANIES IN THE COMMERCIAL, INDUSTRIAL, AND RESIDENTIAL INDUSTRIES. THE COMPANY SPECIALIZES IN PROJECTS WHICH PRESENT CHALLENGING OPERATIONAL CONSTRAINTS AND HAS DEVELOPED A PROVEN TRACK RECORD OF COMPLETING THESE PROJECTS ON TIME AND WITHOUT INCIDENT.
